

# SHAIMA'A ALKISWANI

BUSINESS  
INFORMATION TECHNOLOGY(IT)

## PROFILE

Motivated and detail-oriented QA and Business Analysis trainee with hands-on experience in software testing, process analysis, and front-end web development. Completed courses in Business Analysis, Quality Assurance, and Front-End Web Development, with growing experience in Flutter development. Passionate about improving software quality, understanding user needs, and contributing to effective project delivery. **Currently** seeking an internship in QA, Business Analysis, or Flutter development to apply and expand my skills in a real-world tech environment.
